

# Tax-base sharing discussed

By AMANDA WILSON  
ANP Staff Writer

Concerns continue to weigh heavy on the minds of city and school officials in Romulus regarding the Tax-Base Sharing issue.

The proposed state bill, which is currently being discussed in a conference committee, is expected to become effective at the end of this month or soon after, according to State Representative Jim Kosteva (D-Canton). It is designed to reduce spending disparity among schools statewide, he said.

"It calls for school districts to take half of the future growth in new commercial and industrial taxes and share it with others," Kosteva said. "In other words, about 50 percent of the tax money from new businesses meant for the school districts will be sent to the state and added to the school aid formula."

Although the bill is currently in the works, Romulus officials do not like the idea and addressed their concerns at a special meeting last week.

"Our schools just recently received an out-of-formula status and it's not fair to have them so heavily penalized," said Mayor Beverly McAnally. "If this bill were to go through, it would mean that anything we do would be ineffective as far as money for our city is concerned."

"If we industrial communities have to share, the other bedroom communities in affluent areas which are growing just as rapidly should have to pay too," said City Councilman Noah Bergeron. "If not, this new bill could devastate this community."

School officials agree. After recently climbing out of the depths of poverty (in-formula), and becoming one of the "rich" school districts (out-of-formula), Romulus schools may be asked to give that extra money right back away, according to William Bedell, superintendent of schools.

# Man shot for 'moving' during car-jacking

By AMANDA WILSON  
ANP Staff Writer

Jerry Borieo, 23 of Romulus was shot to death at a car wash in August because "he moved," according to reports of the confession read at a Detroit teen's preliminary examination Wednesday.

Kenneth Griffin, 18, had intended to steal the victim's car Aug. 20 at the Power Shower Four car wash in Detroit at 11 p.m. Borieo refused, and was shot to death.

"I'm sorry it happened but I was scared. He moved. That was his mistake," Griffin was reported as saying during the examination. He was ordered to stand trial for first-degree murder in this first fatality in the recent wave of cars being stolen at gunpoint.

According to reports of his confession, Griffin admitted he shot Borieo after the man resisted his attempt to steal his 1983 Oldsmobile Cutlass. He was also reported as saying "...I was tired of walking...I got a bad left leg. I was shot in December."

Griffin was also charged with assault with intent to commit armed robbery, possession of a firearm during a felony and felonious assault because he shoved Joseph Steiner, 19, a passenger in the car.

Steiner testified that he and Borieo were about to drive away from the car wash when Griffin and another man walked up on either side of the car demanding possession, reports say.

"I don't think he (Borieo) saw the gun," Griffin was reported as saying. "He told him 'no.'"

Griffin then apparently pushed Steiner back and fired the gun. Reports say Borieo then slumped over, landing partially on Steiner's lap. The car which was in drive, then coasted into a wall. Steiner ran.

Police are currently looking for the second suspect. Formerly, Griffin was sentenced to two years probation and 200 hours community service after pleading guilty to a drug charge.

If convicted of this crime, he could spend the rest of his life in prison.

# Local man takes fatal bicycle ride

By AMANDA WILSON  
ANP Staff Writer

A 66-year-old Romulus resident was killed Sept. 5 while riding his bike down Hannan Road.

The cyclist, Robert Williams, was traveling southbound on the west side of the road when a pickup truck driven by a Belleville resident approached him from behind.

According to the police, witnesses said the man in the truck beeped his horn to let Williams know he was there, then moved over near the center of the road to pass him.

At that time, the cyclist went to cross the street, pulling out right in front of the oncoming

truck, police said. The driver was unable to stop.

Williams was transported to Annapolis Hospital and then to the University of Michigan Hospital. He was pronounced dead the next morning from head trauma.

"The saddest part about this case is that the deputy medical examiner for Washtenaw said that if he had been wearing a helmet, he would probably be with us now," said officer Richard Schwartz of the Romulus Police Department.

According to his family, Williams was an avid bicyclist. Schwartz does not believe the Belleville man will be prosecuted.

"It looks like the bicyclist was at fault," he said.

# Romulus soldier is honored

A Romulus soldier recently received two honors - the Bronze Star Medal and the opportunity to meet General Norman Schwarzkopf.

Sgt. Scott G. Riopelle, a 1983 graduate of Romulus High School, was awarded the Bronze Star for exemplary performance during hostile actions in Saudi Arabia. The medal was awarded to him by General Schwarzkopf.

He was given the award for "...reacting immediately to the impact of an Iraqi Scud missile into a neighboring military barracks facility," the citation states. "His professionalism and personal compassion for his fellow soldiers reflect great credit upon himself and the United States Army."

Riopelle enlisted in the Army after graduation from

Scott Riopelle and Gen. Norman Schwarzkopf

high school. He has been stationed with the 82nd Airborne Division in Germany; at Fort Bragg, N.C.; in Panama; at Fort Lee, Va.; and in Saudi Arabia.

In a letter to the *Romulus Roman*, Riopelle wrote: "During Operation Desert Storm I was awarded the Bronze Star with Valor for exemplary performance during hostile actions in Dhahran, Saudi Arabia. "Reacting immediately to

the impact of an Iraqi Scud missile I personally provided first aid to victims, evacuated casualties using a bus prior to the arrival of rescue authorities and, using ambulances and evacuation helicopters, retrieved wounded from the debris."

"I would greatly appreciate it if you could run a story on me in the *Romulus Roman*," he said. "My family would be very surprised."

# Ground-breaking ceremony set for Romulus Veterans Memorial

By AMANDA WILSON  
ANP Staff Writer

The oldest veterans in Romulus will remove the first shovels of earth from the site of the Romulus Veterans Memorial.

The ground breaking ceremony will take place at 6 p.m. Sept. 23. Construction on the memorial will be complete next spring.

"Plans for the monument are still in the works and we're still looking for donations and suggestions of any kind," said Bill Crane, president-elect of the Rotary Club, the organization planning the project.

Plans include the construction of a 12-foot high, 7-foot wide monument in recognition of past, present and future soldiers, sailors, airmen, coastguardsmen and Marines. It will be a project costing in excess of \$25,000, according to Crane.

The memorial will be located near the City Hall on Wayne Road. It will be a two-sided granite monument which will be

surrounded by a concrete apron. Twelve-inch bronze service emblems will adorn both sides of the structure, as will a Rotary Club, a VFW Club and perhaps a Romulus city emblem.

Unveiling of the monument has been set for the Fourth of July, 1992. The State Honor Guard, members of the 82nd Airborne and some state and local officials are expected to be in attendance at this time. Crane is hoping a July 4th parade can begin at the Romulus Progressive Club and end at the City Hall to draw people to the ceremony.

Rotary and other club members are making plans for raffles, dances and other fundraisers to collect more money for the monument. They continue to welcome donations of any kind.

"We're also still looking for older veterans in Romulus to be present for the ground-breaking," Crane said. "If anyone knows of someone, please give us a call."

Any donation, information or suggestions may be addressed to Crane at 941-9200 or to City Treasurer James Napiorkowski at 942-7580.

## ROMULUS NEWS DIGEST

### Man arrested in attempted rape

Nathan Mathis, a Romulus resident, was arrested Monday for attempted rape.

Charged with assault with intent to commit criminal sexual conduct in the first degree, he was arraigned in the 34th District Court before Judge Felix Rogall.

According to police, the defendant pleaded not guilty.

He was remanded to the Wayne County Jail on a \$100,000 bond. A preliminary examination has been set for Sept. 18 in the 34th District Court.

The victim was a Detroit resident, police said.

### Girl charged as adult in theft

A 16-year-old girl was charged as an adult in association with an armed robbery which occurred at a hotel on Wickham Road in Romulus Aug. 28.

Sonya Austin of Flint was arrested on two counts of armed robbery.

The incident occurred at about 1:30 a.m. A business man and women were leaving their room for an early breakfast when three individuals forced them back through the door, police said.

The couple was bound and robbed of \$40,000 in jewelry and some cash, according to police. The trio then escaped apparently without being noticed.

As a result of an investigation, Austin was arrested in connection with the robbery.

Austin's preliminary examination was set for Sept. 11. Police continue to look for other suspects, and the incident remains under investigation.

### Donations sought for firemans ball

The Romulus Fire Department Stations One and Three will be sponsoring their 35th Annual Firemans Ball Oct. 19, 1991.

They are currently seeking donations from area businesses for the purpose of door prizes for the guests.

"Your participation in this event will be gratefully appreciated and it will work as free advertisement for your business which will be announced before each gift," stated Dawn Kelly, committee chairperson for the ball.

Money collected for this event will go to help purchase flowers for families of the fireman and for refreshments for the firefighters throughout the year.

### Crafters solicited for arts and crafts fair

The Romulus Arts Commission has scheduled its annual Arts and Crafts Fair Sept. 21.

The event will take place in the Romulus City Hall parking lot from 9 a.m. to 5 p.m.

The ROTC will be on hand to present colors, a cake walk and raffle will take place and food will be served.

Money collected at the event will be used to further the efforts of the Romulus Arts Commission.

"We want to bring more art into the lives of those in the area and hope to use the money raised at this event toward bringing a play or musical to the area which will appeal to the youth," said commission member Gloria Chandler.

More than 40 crafters are already expected to attend the event. More information is available at 941-2678.

### Back to school dance re- scheduled

The Romulus Recreation Department is presenting a Back to School parking lot dance.

"You Can't Touch This" was rained out the first time so their giving it a second try. The event is scheduled for Sept. 22 from 6 p.m. to 9 p.m.

Music will be provided by Right Stuff Sound and Lighting. The event is open to the public.

More information is available at 942-6852.

## Students health stressed

By AMANDA WILSON  
ANP Staff Writer

As school gets under way, it's important to remember that the health of a growing child or young adult is a very serious issue.

"A lot of people are under the impression that because they're young, because they're kids they are automatically healthy," said Kathleen Conway, director of the Romulus Adolescent Health Center. "Actually growing years could be the most crucial as far as health care is concerned."

That's exactly why the Adolescent Health Center is there. To cater directly to the needs of young children and adults.

Located in the Romulus High School, the center provides service to those age 10 through 21 who are Romulus residents or those eligible to attend Romulus schools.

The center provides general physical exams for sports, school, job and gynecological services; treatment for minor illnesses and injuries; health screening and follow up for such things as vision and hearing; testing for high blood pressure; oral/dental health screening with referrals upon follow up; pregnancy testing and referral for prenatal care; screening and treatment for sexually transmitted disease and weight management programs.

"We also provide counseling services for those who are in need," Conway said.

These services include: drug and alcohol education and counseling; counseling services for children of substance abusers; mental health and psych-social counseling and referral; counseling for adolescent problems including sexual abuse; services

Kathleen Conway, director of the Romulus Adolescent Health Center makes an appointment for a student. ANP photo by Deanne L. DeYonker/staff photographer

and assistance for homeless or runaway youth and crisis intervention.

"Basically we're there to provide children and young adults with the support and information they need to live healthier, happier lives," Conway said.

The center is funded through the Michigan Department of Public Health and the Skillman Foundation and has been in existence since March 30, 1990.

The staff is made up of six members, all of whom are trained and experienced in dealing with the problems of teenagers, and only a nominal fee is charged to insure everyone has an opportunity to go in, according to Conway.

"We accept most insurance and if the student has no insurance, a sliding scale will be used to determine payment," she said. "There have been many times where we know they are unable to pay and the services are free or very minimal."

The cost of that visit is then picked up through grants from the State Health De-

partment, the Skillman Foundation or Community Development Block Grants set up through the city of Romulus.

"This way we know that even those who can't pay are well-treated and welcome," Conway said.

In addition to the above-mentioned services provided to students, members of the Romulus Adolescent Health Center are also involved in the development of such programs as Operation Jump Start and the Summer Enrichment Program for at-risk students.

"We do it because we care," Conway said.

And as far as bringing kids in for an exam is concerned: "...children ages 10 through 21 are developing and any problems they may encounter as far as their mental or physical health is concerned is best caught early so that it can be properly taken care of and they can continue on to lead a healthy adult life," Conway said.

More information or appointments are available at 941-1400.

## Walker steps on road to fitness

By AMANDA WILSON  
ANP Staff Writer

Helen Gallien of Romulus is out for another stroll in the park.

It's one of her favorite past times and for her efforts, she became the first winner in the Romulus "Walk Michigan" contest.

"This is the first time Romulus has participated in the annual 'Walk Michigan' event," said 72-year-old Gallien. "I was happy to participate and very happily surprised about winning."

"Walk Michigan" is a non-competitive program organized by the Michigan Recreation and Park Association and Blue Cross Blue Shield of Michigan. It began in 1985 and today more than 15,000 walkers from across the state walk in the program in their community.

The Romulus "Walk Michigan" contest was run for 17 weeks throughout the summer. Anyone who participated in at least six of the walks was eligible for the "Walk Michigan" grand prize drawing.

"The prize is a trip for two

from each community to Mackinac Island on Labor Day Weekend," Gallien said.

There, winners get to enjoy tours of historical sites, dinners, concerts, and a walk across the bridge with the governor.

Gallien and her walking partner Opal Peterson, 68 of Belleville "...had a really nice time and plan to go again next year," Gallien said.

They both believe walking is an excellent way to stay fit.

According to a pamphlet on "Walk Michigan," walking is one of the most practical forms of cardiovascular exercise and is something anyone can do.

"Walking reduces blood pressure, conditions heart and lungs, improves oxygen consumption, burns calories, strengthens muscles and encourages calcium to deposit in the bones, making them stronger and less likely to break," it states.

"It's a great way to relax and keep fit, and I encourage anyone, young or old to give the sport a try," said Gallien. "It'll help you feel better about yourself."

## Annual reunion with a twist

By AMANDA WILSON  
ANP Staff Writer

The annual Wilson Family reunion had a special twist this year as the family also celebrated the retirement of family member Jim Whaley.

Whaley retired from the Ford Motor Co. Michigan Truck Plant in Wayne. He worked there for 28 years, and decided to retire at the age of 65.

He is the husband of Joanne (Wilson) Whaley whose family has resided in Romulus since the early 1900s.

"My father moved here after World War II and built a house on the land that is now across from the Romulus Bowling Center," said Whaley. "We've been here ever since."

It was a family of builders and in fact, her father owned his own construction company

## Romulus man shot with birdshot bullet

By AMANDA WILSON  
ANP Staff Writer

A Romulus man was charged with assault with intent to commit murder and possession of a felony firearm in following a shooting which took place at about 3 p.m. last Friday.

Ponce D. Pool Jr., 18, of Romulus shot a man of the same age with a shotgun containing birdshot.

Police said Pool was shooting at a group of people, and are not yet sure whether or not anyone else was wounded.

The victim, also a Romulus resident, received injuries in the back and left arm and treated himself, according to police.

Pool was arrested and arraigned Sunday in an out-county District Court. He pleaded not guilty to the charges, police said.

Pool was remanded to Wayne County Jail on a \$50,000 cash bond.

The preliminary examination is set for Sept. 18 in the 34th District Court in Romulus.

The incident remains under investigation.

## Inspections ensure safe work places

A recent fire which engulfed a chicken processing plant, killing 25 employees in North Carolina has some people in the local area concerned.

The individuals were trapped in the inferno by locked or blocked doors, according to officials. The 11-year-old plant had never been inspected by state safety officials.

Is this likely to happen in Romulus factories?

"No one really understands why that North Carolina plant wasn't inspected for safety but workers in the Romulus needn't really be concerned about such a problem occurring to them," said Chief William Greenslait of the Romulus Fire Department. "And if they are, we hope they give us a call immediately."

Greenslait said the Romulus fire inspectors make a point of checking Romulus' businesses for safety every one to two years.

"And even more often if we get calls from concerned workers," Greenslait said.

He said doors of a business should never be locked or blocked during business hours. It is against the law and the owner of that business could be

taken to court. Fortunately, that has never had to happen in Romulus, according to Greenslait.

"We have found doors locked or out of order on occasion but we have never had problems with business owners. We simply ask them to correct it, and they do," he said.

Greenslait said many businesses in the area are currently equipped with panic hardware which allows the door to open only from the inside and with about 15 pounds of pressure. Bob Coyle, sales manager with Precision Hardware in Romulus said that was true, and believes that Romulus does a very good job as far as fire safety within businesses is concerned.

"We just moved here about a year ago, but we have already had some businesses buy our panic hardware and fire officials definitely seem concerned," Coyle said. "In fact, they were very strict with us when we moved in here and I have to say that from what I've seen, no one in this city needs to be concerned about what happened in North Carolina happening to them."

## Sharing

Continued from page A-1

"It's unfair highway robbery for those who just became out-of-formula and we will look into taking someone to court if they go through with this bill," Bedell said. "It borders on being unconstitutional and we won't stand for it."

But Kosteva said they may have to. And it may not be as bad as officials think.

"There will be exceptions to this bill for some communities and Romulus is one of them," he said. "Because they already have a very high millage rate to get money for their school system, only 15 percent of their new growth will be collected for the state."

"What officials need to understand is that this will not effect the city or county at all, it will just effect tax money levied for school districts," Kosteva said. "There is a lot of controversy and overall mixed feelings throughout communities but what we're trying to do is meet the needs of the society and equal out the education system so that no one is lacking."

Discussion on the bill continues, according to Kosteva. But it is still expected to come into effect soon.

Joanne and Jim Whaley raise the flag in front of their home in recognition of their family reunion. ANP photo by Deanne L. DeYonker/staff photographer

# Airport purchase plan needs clarification

By DOUG CHURCH  
ANP Staff Writer

Officials from Canton and Plymouth townships have worked together in recent weeks to reach an accord over the Mettetal Airport issue and form a joint operating agreement.

Now they must work with Federal Aviation Administration authorities to come up with a similar agreement that will lead to an FAA grant offer to purchase the facility and approval of the JOA that would end 51 years of private ownership of the airport.

The first step in that long process took place last Thursday as Plymouth Township Supervisor Gerald Law sat down for a meeting with Canton Township Administrative Assistant Dan Calabrese and Clerk Loren Bennett.

Also at the meeting were FAA officials Dean Nitz and Peter Serini, manager of the

Detroit Airports District Office, a field office of the FAA Great Lakes region headquarters in Chicago.

"The meeting was just a further clarification of what Canton meant by the memorandum of understanding released two weeks ago," Bennett said. "The representatives of the FAA didn't understand where Canton was coming from so we laid out the ground rules of the agreement."

The agreement is restrictive and according to FAA officials, a bit vague in two key areas:

•There is a specific prohibition on expansion of the airport. Any modifications to the existing airport facilities relating to the safety of the airport would only occur with the affirmative vote of both township boards.

•After 10 years, Canton would have the exclusive option to close the airport or extend the joint operating agreement.

Calabrese and Bennett said FAA officials want them to clarify these points.

"Some issues need clarification, such as what is meant by expansion," Calabrese said. "We defined expansion as any acquisition of property other than airport property to use for other parts of the 59.97 acres of

the airport."

In addition, Bennett said, "the FAA requested that Plymouth-Canton prepare a document that would spell out the reasons why Canton would terminate the agreement 10 years from now. They found it difficult to understand that Canton has carte blanche authority in

the matter."

Calabrese and Bennett worked Monday to draft a letter spelling out these reasons to be sent to the FAA. Serini said he is seeking reasons and answers and will review the letter. If a grant application to buy the airport is extended, he said, it would begin in fiscal year 1992,

which begins Oct. 1.

Serini, a Plymouth Township resident himself, was pleased to see the two townships come to an agreement on the issue.

"I'm very happy to see the townships have gotten together and worked out their concerns," Serini said. "I hope it will work."

## CHARTER TOWNSHIP OF VAN BUREN REGULAR BOARD MEETING MINUTES SEPTEMBER 3, 1991

Meeting called to order by Supervisor Jakoces at 7:30 p.m. Present: Jakoces, Fain, Foster, Cicotte, Clark, Melvin and Rochowiak. Others in attendance: Building/Planning Director McNally, Public Safety Director Perkins, Public Service Director Partridge, Lt. Brooks, September Days Senior Director DeLano, Ass't Fire Chief Bird, Secretary Budd and an audience of twenty.

APPROVAL OF AGENDA: Motion Fain, support Melvin to approve the agenda as presented with the following change, add new Item #8. Consider township attorney's recommendation regarding their file number 70.0201780. Carried.

MINUTES: Motion Melvin, support Cicotte to approve as presented the Regular Board Meeting Minutes of August 20, 1991. Carried.

CORRESPONDENCE: Supervisor presented retiring firefighters, James Reed (twelve years of service), Robert Payne (eight years of service) and Gary Koepp (three years of service) with plaques of appreciation for their years of service as township firefighters.

Supervisor introduced the new DARE officer, Larry King and read his list of certifications and achievements. He will continue the DARE program in the school district started by Cpl. Dennis Brooks.

UNFINISHED BUSINESS: None.

NEW BUSINESS: Motion Clark, support Fain to appoint Gretchen Ford and Fanie Butler as representatives of the public sector to the Logo Contest Judging Committee as recommended by the Economic Development Corporation. Carried.

Motion Foster, support Rochowiak to appoint Clerk Fain and Trustee Clark as Board Representatives to the Logo Contest Judging Committee. Carried.

Motion Foster, support Fain that in concurrence with the recommendation of the Parcel Division Board, the township board approve the lot split request for the West 441 ft. of Lot 25 in the Matilda Walker Subdivision, parcel 83-117-01-0025-001 to create a total of four (4) lots 110 ft. by 350 ft., with the contingency that all utility improvement costs must be borne by the property owner and that these splits do not waive any zoning or development standards. Carried.

Motion Foster, support Rochowiak to adopt Resolution 91-17 for the

1991 Tax Levy. Carried.

Motion Rochowiak, support Cicotte to approve the recommendation of the Water & Sewer Commission to reimburse Mr. & Mrs. Ford of 45450 Harmony Lane, \$139 for sewer cleaning. Carried.

Motion Fain, support Cicotte to approve a letter of support for the writing of a grant to the State of Michigan for the Belleville Area Museum and that the Belleville Area Museum Board would be in compliance with all zoning and local ordinances, and no township monies would be involved. Carried.

Motion Melvin, support Fain to amend the 1991 General Fund Budget by moving \$1,000 from the Bequest Fund on the Balance Sheet to the Senior Citizens' Department line, Other as recommended by the Endowment Committee, for the purchase and refurbishing of billiard tables. Carried.

Motion Clark, support Fain to accept the township attorney's recommendation regarding their file number 70.0201780. Carried.

VOUCHER LIST: Motion Fain, support Rochowiak to approve the September 3, 1991 Voucher List as presented. Carried.

REPORTS: Supervisor Jakoces ordered received and filed the Librarian's Monthly Report for August 1991 and the September Days Senior Citizens' Monthly Report for July 1991.

ANNOUNCEMENTS: The township's Recycling Center is open every Saturday from 10:00 a.m. to 3:00 p.m. Residents may bring their newspapers, glass, plastics, tin and aluminum to the center. Please make sure all recyclables are clean, and have been crushed, if necessary. In addition, Waste Management, Inc. which operates the center, is willing to give a donation to any service organization providing volunteers to work at the center.

Veteran's Memorial Committee is still seeking donations. If you would like to purchase a brick or make a donation call Kathy Paige at 397-0486. Trustee Melvin is putting together the fall issue of the Lake Ledger and is looking for articles or comments.

Treasurer Foster stated that the date for collection of the summer taxes, which is 1/2 of the school tax, has been extended and can be paid without penalty through September 30, 1991.

AUDIENCE: None

ADJOURNMENT: Motion Fain, support Clark to adjourn at 7:58 p.m. Carried.

Respectfully submitted,  
David Jakoces, Supervisor  
Cheryl D. Fain, Clerk

Publish: September 12, 1991

# Arrest of neighbor shocks family

By DOUG CHURCH  
ANP Staff Writer

Joseph Donald Ryan is a former Canton Township neighbor of Debbie and Joseph Chisholm whose children were friends of the Chisholm sisters Melissa and Amy.

Even after the death of Melissa, then 14, in a hit-and-run accident at the intersection of Ford and Lilley Roads in Canton almost 16 months ago, Debbie and Amy Chisholm, 13, continued to see Ryan and his children as the search for the driver who fled the scene continued.

The search has finally ended, but in an ironic and tragic twist to the case revealed Friday, the Chisholms learned the man charged in the case was Ryan.

Ryan, 39, was arraigned in 35th District Court in Plymouth Friday on one count of failure to stop at a serious injury accident.

Ryan stood mute to the felony charge before Judge John MacDonald and was released on a \$20,000 personal bond. If convicted, he would face a possible sentence of five years in jail and a \$5,000 fine.

MacDonald set a preliminary examination court date for Sept. 20.

Since the May 14, 1990 accident, the Chisholms have dealt with the pain of losing their daughter and the frustration of knowing the driver was still at large. Friday, they stood in the courtroom and watched their former neighbor walk silently past them after the charge was handed down.

Following the arraignment, Debbie and Joe Chisholm stood outside with family friend Melissa Stoelt, 15, and spoke emotionally about the bizarre turn of events in the case.

"It's just an incredible irony," Debbie Chisholm said as she choked back tears. "We saw him occasionally and spoke with him. Our daughter went to a New Kids On The Block concert with his children last fall. I stood right in his living room and talked to him."

"It's hard to find out that it was somebody that we know," She said Ryan even took Amy to a church festival with his children.

"I'd be real curious to know how he looked her in the face knowing what she had been through and what she still had to overcome," she said. "I don't know how after this happened he was able to go on."

According to family members, Ryan lived on Willow Creek in Canton at the time of the accident, approximately one block behind the Chisholm's home on Fernwood. The neighborhood is just northwest of the accident site at Ford and Lilley.

Lillian Johnson, Debbie Chisholm's mother, said Ryan and his family moved from the neighborhood to a home in Plymouth Township just a few months ago. She said Amy first learned of the move in June.

"Amy just happened to see Ryan's four kids at their home in Plymouth by accident and she told her mother," Johnson said. "Their oldest daughter used to ride the same bus as Melissa."

Johnson said Ryan "stood and laughed and joked" with the Chisholms at Amy's birthday party sleeper in July. Now she said, "he's cold as steel. How did he know that he couldn't have saved her life af-

ter the accident."

Debbie Chisholm said, "People don't leave animals laying in the street," the way Melissa was left.

The arrest and arraignment of Ryan this week culminated an extensive investigation by Canton Township Police officers who relied exclusively on anonymous tips after failing to catch a suspect immediately after the accident.

Police finally got a break in the case Aug. 2, when an anonymous caller led them to a 1986 Chevrolet Nova they believed was involved in the accident.

Police confirmed that the car had been in an accident and repaired but an arrest could not

be made until police joined with Wayne County prosecutors and made contact with Ryan's lawyer, Howard Wallach.

"There's not much to say," Wallach commented after the arraignment. "The case is progressing and we will see it come to its conclusion."

Canton Police Community Relations Officer Pat Nemecek said Ryan was not charged with vehicular manslaughter because police determined the driver was not at fault for the accident.

The Chisholms were relieved to finally know a suspect was caught but shocked to learn his identity.

## CITY OF ROMULUS NOTICE OF PUBLIC HEARING COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

NOTICE IS HEREBY GIVEN, that the City of Romulus will hold a PUBLIC HEARING, MONDAY, SEPTEMBER 23, 1991, 6:15 PM, in the City Council Chambers. ## Senior specialist outlines services

By SHELLEY FREEDMAN  
Special Writer

I want to devote this column to all of the programs and opportunities we have available here at September Days Senior Center. I've had many inquiries as to what type of activities we have here at the center, and I want to address those concerns.

- We serve daily lunches — cooked and prepared by the Wayne County Office of Nutritional Services. Usually between 10 and 30 people join us for lunch, and on Birthday Monday, when we celebrate all members' birthdays for the month, we can see up to 100 people.

- We have homebound delivered meals that come from the center. They are cooked by the WCONS and are delivered by volunteers. If you or someone you know is interested in receiving homebound meals and is 60 or older and unable to leave his or her home, call 1-800-851-1454.

- We have a couple of medical programs — a prescription drug program that is available to lower income people and free blood pressure screenings every Thursday. To be eligible for the state-funded prescription program, participants must be 60 or older and meet income requirements. For those eligible, the plan pays the prescription costs for two months. In addition, we have cholesterol, vision and other health screenings plus health lectures scheduled at various times.

- We have plenty of volunteer opportunities for people who are interested. We are in need of drivers, organizers and maintenance help. Once a month, on the third Thursday, we distribute Focus: Hope food to eligible people. We need people to help divide the food and help people take it to their cars. We also would like to continue our practice of delivering the boxes to the homebound. However, we need volunteers to transport the food. We also are looking for people who are

**"We have plenty of volunteer opportunities for people who are interested. We are in need of drivers, organizers and maintenance help."**

**— Shelley Freedman**

able to offer transportation, especially to doctors' appointments.

Frequently, older adults call the center to ask for transportation to an appointment, and we often need someone to drive one of our vans on a short to Twelve Oaks Mall, Frankenthum or Meijer. The center owns two vans, one with a wheelchair lift, and a Sprint.

People to help with the showcase displays in the entryway are also being sought. We need someone to create a volunteer of the week display or, perhaps, highlight one of the many different programs in the Quirk School building. A showcase could highlight the nutrition program, Head Start, Primary Impaired Pre-School, pre-school or the Belleville Area Museum, all housed in the same facility as the September Days program.

We are also in need of people to help put the newsletter together — people who are interested in helping with the layout and design, printing or folding and stapling. Another opportunity is to help keep the center clean. We are looking for janitorial/custodial help and friendly visitors for the homebound.

Contact Jennifer DeLano or I at 699-8918 to volunteer.

*(Editor's note: Shelley Freedman is ending her two-year stay at September Days to relocate in Albuquerque, New Mexico. A farewell brunch is planned at the center from 10 a.m. to noon Sept. 26. Information about the brunch is available by calling the center at 699-8919.)*

Shelley Freedman

## Student policy adopted

Policies to regulate school activities and dress have been adopted at Belleville High School.

Administrators remind students and their parents of the following BHS rules:

- BHS is a closed campus, and students must remain on the premises throughout the day, including lunch time.

- Radios, tape decks, beepers and Walkman-type radios are not permitted at the high school.

- Students may not wear

half-shirts short shorts, tank tops, spandex sportswear or athletic equipment to class. Hats and sunglasses also are not permitted inside the school building.

In addition, after-school and evening activities, such as practices, dances and sports events, are considered an extension of the school programs, and inappropriate behavior will be dealt with in the same manner as if it had occurred during the school day, according to BHS administrators.

## Board sets meetings

Through the end of the 1991-92 school year, the Van Buren Board of Education will meet at 7:30 p.m. on the second Monday of each month.

Meetings, which are conducted in the administration

building, 55 W. Columbia St., are open to the public.

Meeting dates are Sept. 9, Oct. 14, Nov. 11 and Dec. 9, 1991, and Jan. 8, Feb. 10, March 9, April 13, May 11 and June 8, 1992.

## Former whiz kid enrolled in college

By JOAN DYER-ZINNER  
Belleville City Editor

Ten years ago when Wayne County Community College opened its Western Campus an 11-year-old Inkster boy was among the first students to register.

"Whiz kid" Frederick Chontay Taylor, had been evaluated as "exceptionally gifted" in the third grade, according to his family. His interest in computers prompted him to enroll in the computer science program at the new \$16 million center, along with his father, Freddie Taylor. The boy's father, who was employed in the data processing field, enrolled in the class with his son to help him take notes, and he also signed up for the heating/air conditioning program at the center.

When interviewed in 1981, Fredrick Taylor was adamant that he be referred to by his complete first name, not as Freddie, his father's name.

Prior to enrolling for the college class, the youngster had been offered a tuition-free scholarship at a Bloomfield academy. He declined to accept it because he didn't want to leave his family and friends for the school year.

Taylor's family were aware of his special talents at an early age. He talked at 5-months of age, walked at 8 1/2-months and started pre-school classes at 3.

When he enrolled at the college, Taylor told an Associated Newspaper writer that his hobby was working on his TRS-80 computer. He also noted that he enjoyed experimenting with chemistry and playing Atari. During his leisure hours, the youth played basketball, softball and bowled with a church youth league. His mother, Naomi Taylor, advised him to keep busy and avoid boredom — advice that he apparently followed through the years.

He attended school at Federal Elementary School and graduated from Taylor Center High School before beginning his studies at Michigan State

Frederick Taylor

**"I'm not sure when he will graduate. He's in the U.S. Army Reserves and they took him out of school to serve in the Persian Gulf."**

**— Naomi Taylor**

University.

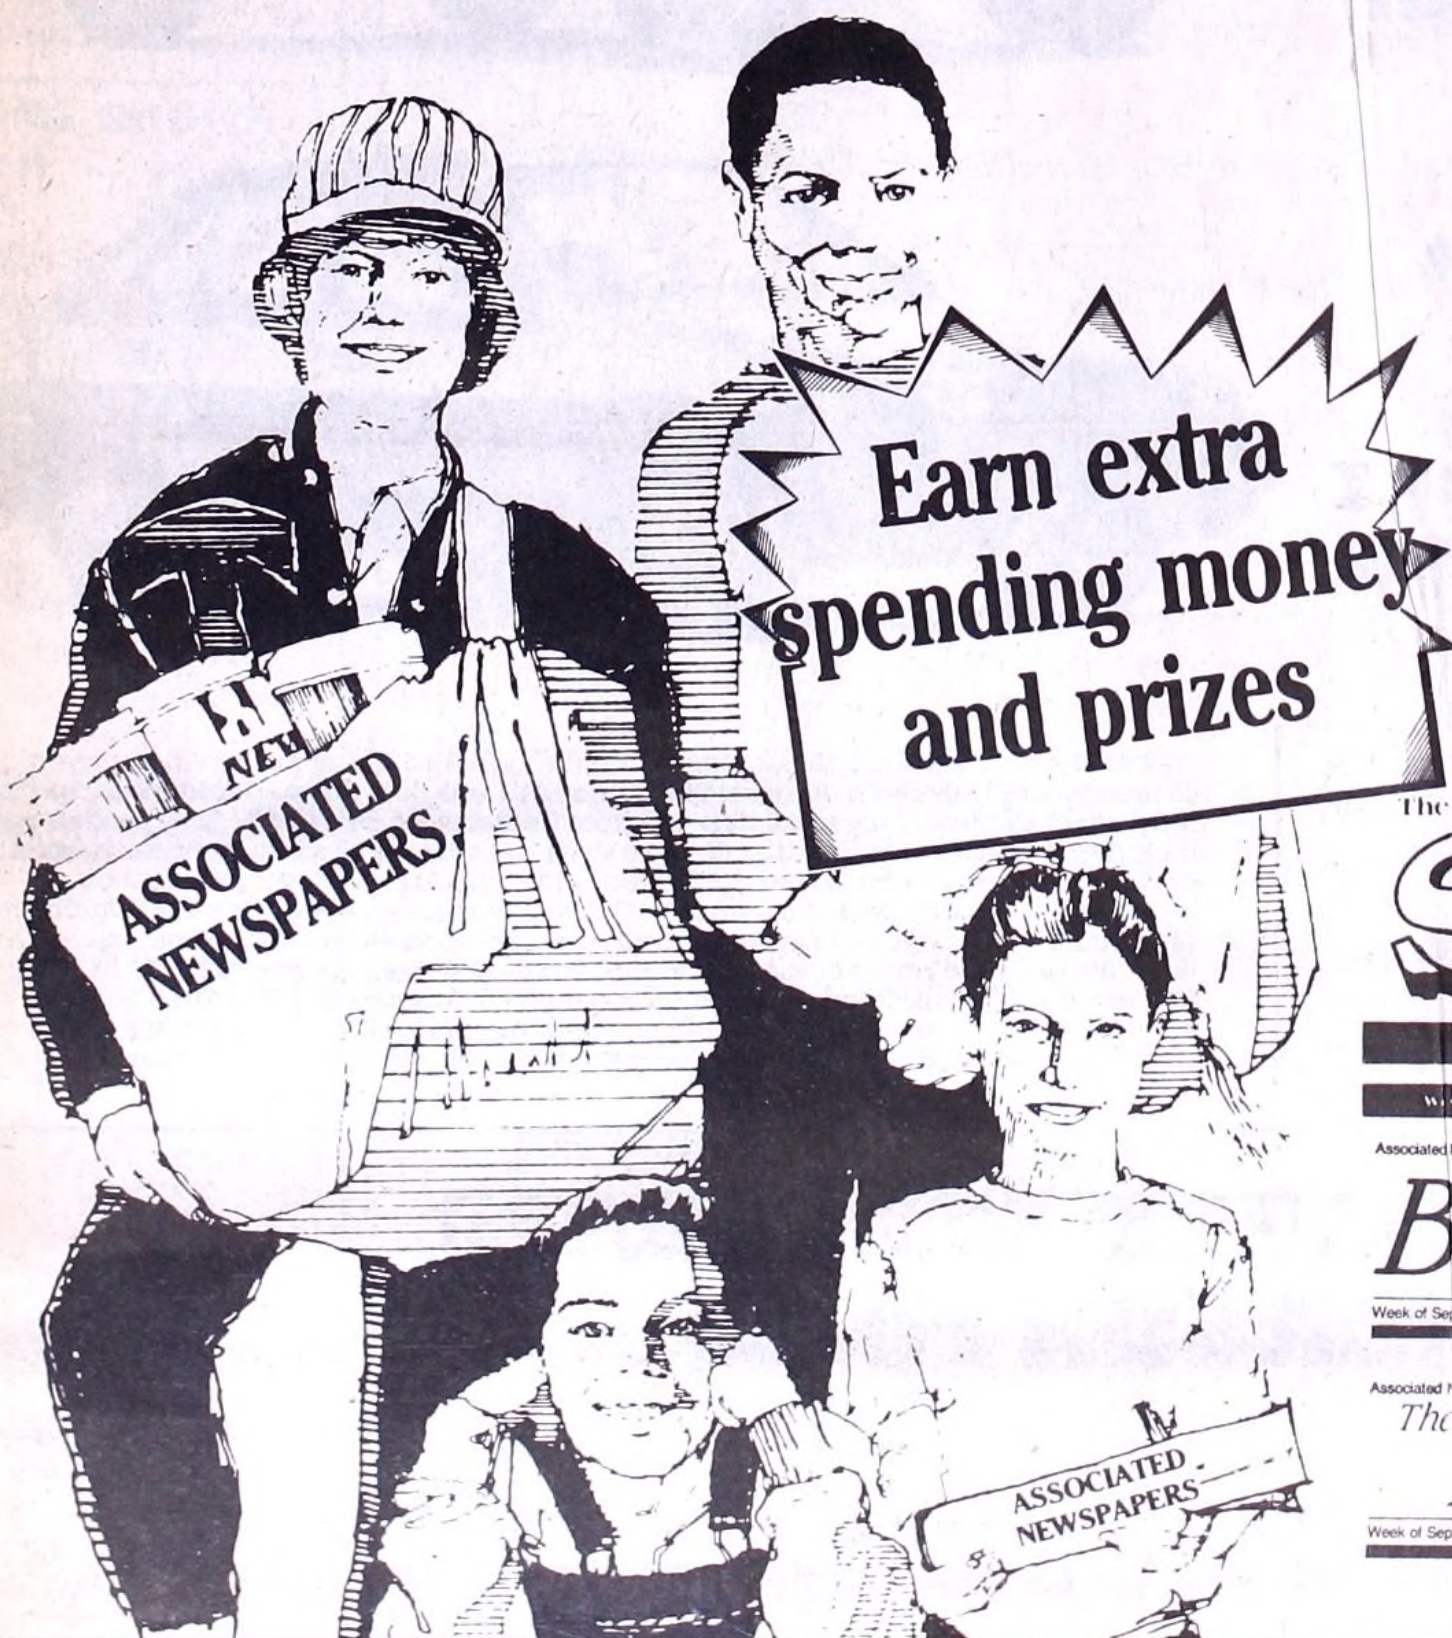

The Taylor family still resides on Wellington Street in Inkster, and the young student is currently pursuing financial studies at MSU. Computers are also still an important part of his academic life.

"I'm not sure when he will graduate," his mother said in a telephone interview. "He's in the U.S. Army Reserves and they took him out of school to serve in the Persian Gulf."

She vividly recalled the fanfare around her son's early enrollment in the college, and the story and photographs that appeared in their hometown newspaper.

The youngster was greeted at the Western Campus by former dean Dr. Julius Brown and had lunch with former WCC President Richard Simmons during the early days of the 1981 school term.

# Spooky stories sought

Insights into future happenings are everyday experiences for a Van Buren Township resident.

Frankie Jean Clemens, who credits her clairvoyance to her part-Cherokee heritage, claims to have foreseen the turmoil in the Soviet Union which resulted in the bids for autonomy from the individual republics.

"The Tigers' standing is too close to call this year, but I see them winning the pennant in 1992," Clemens said. "Tiger Manager Sparky Anderson will resign in 1992 due to ill health."

Clemens believes James P. Hoffa Jr., son of the slain labor leader, will be elected president of the Teamsters Union. Although his efforts appear to be temporarily halted, he eventually will assume the post, she said.

"I see a shocking event happening in the U.S. soon, perhaps in 1992. The event will come as a surprise and shock the population," Clemens said.

In 1990, she predicted a very close race between James Blanchard and John Engler. Today, she has predicted that the recall petitioners will not be able to gather enough signatures to place the issue on the ballot.

Clemens issued a warning to President John F. Kennedy prior to his assassination and wrote Alabama Gov. George Wallace about impending danger to him.

Whether or not they heed Clemens' warnings, celebrities have written personal letters to acknowledge her concern for them. She has several scrapbooks filled with autographed letters and photographs from well-known people in the political and entertainment fields.

**Editor's note:** The Associated Newspaper staff is seeking individuals who wish to relate clairvoyant or other supernatural experiences. Contact Joan Dyer-Zinner at 729-4000 during regular business hours.

### TRAVEL TIPS

Air fares continue to become more confusing! You probably have noticed ads which proclaim, low, low rates without providing information about the restrictions, in type size that you can read.

The best rule of thumb is to remember that if it sounds too good to be true, it probably is. That doesn't mean we don't have some fantastic airfares, but that there are usually some restrictions such as advance purchase requirements, minimum stay restrictions and/or cancellation penalties.

If you've traveled at all or read travel articles and ads, you've probably noticed the vast difference between on-season and off-season rates, especially to Europe. Complete off-season packages are available for the cost of on-season air fares alone, and they're bargains. Again, however, you must read the fine print to determine the dates of validity.

Airlines frequently advertise low fares which are actually half of round trip rates, but fail to make this clear. We're then placed in the position of trying to make clients understand why they can't fly for \$59 as the ad would have them believe. We would rather have you know about all the restrictions and must strongly recommend that you read the fine print in any "too good to be true" ads.

We don't advertise deceptive rates or use bait-and-switch tactics. We'd prefer that others didn't either but that's beyond our control; we can suggest, however, that you let us quote the best rates all year long.

## Tax proposal criticized

Property tax reform continues to capture much of the attention of Michigan lawmakers.

Local Democrats didn't hold back any punches and tore into Gov. John Engler's latest proposal to cut property taxes. They labeled the proposal "meaningless because there is no source of funding to support it."

Engler recently unveiled a plan that would cut school property taxes 30 percent over the next five years, beginning in 1993, and also cap property tax assessments at 3 percent annually.

In contrast, the plan offered by the Democrats calls for the exemption of the first \$30,000 of property assessment of a home. The tax cut would be supported by monies saved from ending the capital acquisition deduction (CAD) and tax abatements for businesses.

As in the governor's plan, the plan offered by the Democrats would also reimburse school districts for the loss of any revenues.

State Representative James Kosteva (D-Canton) was quick to point out that the governor's plan "had little substance and no funding in it."

"Mr. Engler's tax-proposal is a no proposal," Kosteva said. "It just doesn't cut it. There is no funding for it. Where would he get the money to offset the cuts?"

Kosteva said that the Democrats have a more responsible approach to tax reform before they provide for a funding source. The proposal would offset any losses to the school districts and municipalities by eliminating the tax credit businesses receive for new equipment.

"We have a way to fund out tax cuts," Kosteva added. "How would the governor fund his (proposal)?"

While the Democrats and the Republicans are debating tax

reforms and property tax cuts—a controversial subject that helped put Engler in the governor's mansion, the courts may have to decide whether the voters will get an opportunity to recall the governor.

A group, headed by Robert Alexander, said on Thursday that it may be short some 60,000 signatures to place the governor's recall issue on the November ballot.

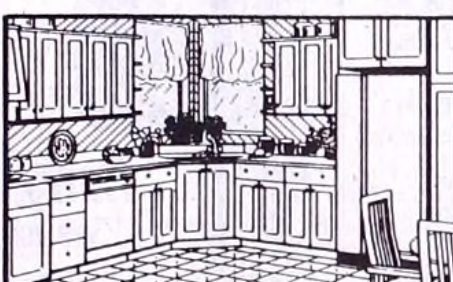

The group needed to gather more than 640,000 valid signatures within a 90-day period to force the issue to the vote.

Despite the lack of numbers, Alexander said that his group would file the signatures with the Secretary of State's Office, then challenge the constitutionality of the 90-day deadline.

# Opinion

## Too much of a good thing

Enough is really enough.

The recent application for a license for yet another adult foster care home in the city of Wayne seems to be a prime example of *too much of a good thing*.

We sincerely appreciate the value of these facilities and the atmosphere of a home-like environment which they are designed to emulate for residents there. We wholeheartedly support the effort to help those who have physical and mental challenges which make unassisted living impossible. These group homes offer a viable alternative to institutions and provide a wonderful and needed service.

What we cannot condone is the licensing of the 14th such home in the city of Wayne. State regulations presently provide that the only limitation on such licenses is that the homes be a minimum of 1,500 square feet apart. A state licensing spokesman told us that this is to prevent an "institutional" look such as that of East Grand Boulevard in Detroit where both sides of the street are occupied by these facilities and convalescent homes.

Well, we'd agree with that. We don't want that for the city of Wayne or for any other of our local municipalities to begin to resemble that section of the inner-city of Detroit. We do not want to western Wayne County to become a haven for group homes, displacing the usual family mix of our neighborhoods.

We do believe, however, that too many of these homes in the same area can begin to become a detriment to the very purpose for which they were designed. These homes should provide a family-type neighborhood atmosphere for the residents—and once they line the streets of any particular area, it becomes a climate of institutionalization. There is a benefit for the residents of these homes established in neighborhoods. The residents are exposed, albeit peripherally, to the sounds and sights of other neighbors and families.

We would hope that, particularly in light of many of the charges of abuse in Adult Foster Care homes of this nature, the state licensing authorities will be far more prudent in the establishment of these homes and granting of such licenses. These residents need special attention and care and deserve better than to be robbed of one of the benefits these homes were created to provide.

And their neighbors deserve to have the property values and integrity of their communities preserved and protected.

## Signs of the times

It happens every time there is an election.

First come the phone calls. It will usually be a campaign manager or an enthusiastic election worker—and it will be one of their first political excursions.

They will be irate, furious and incensed. They will usually have filed a police report and be completely aghast at what they perceive as the lack of immediate investigation and concern by the law enforcement officials of whichever community happens to be involved. And, after speaking with a member of our news staff, they will be appalled at our nonchalance when they are reporting the crime of the century.

They truly expect to see this drama unfold on *Top Cops* or *Unsolved Mysteries*.

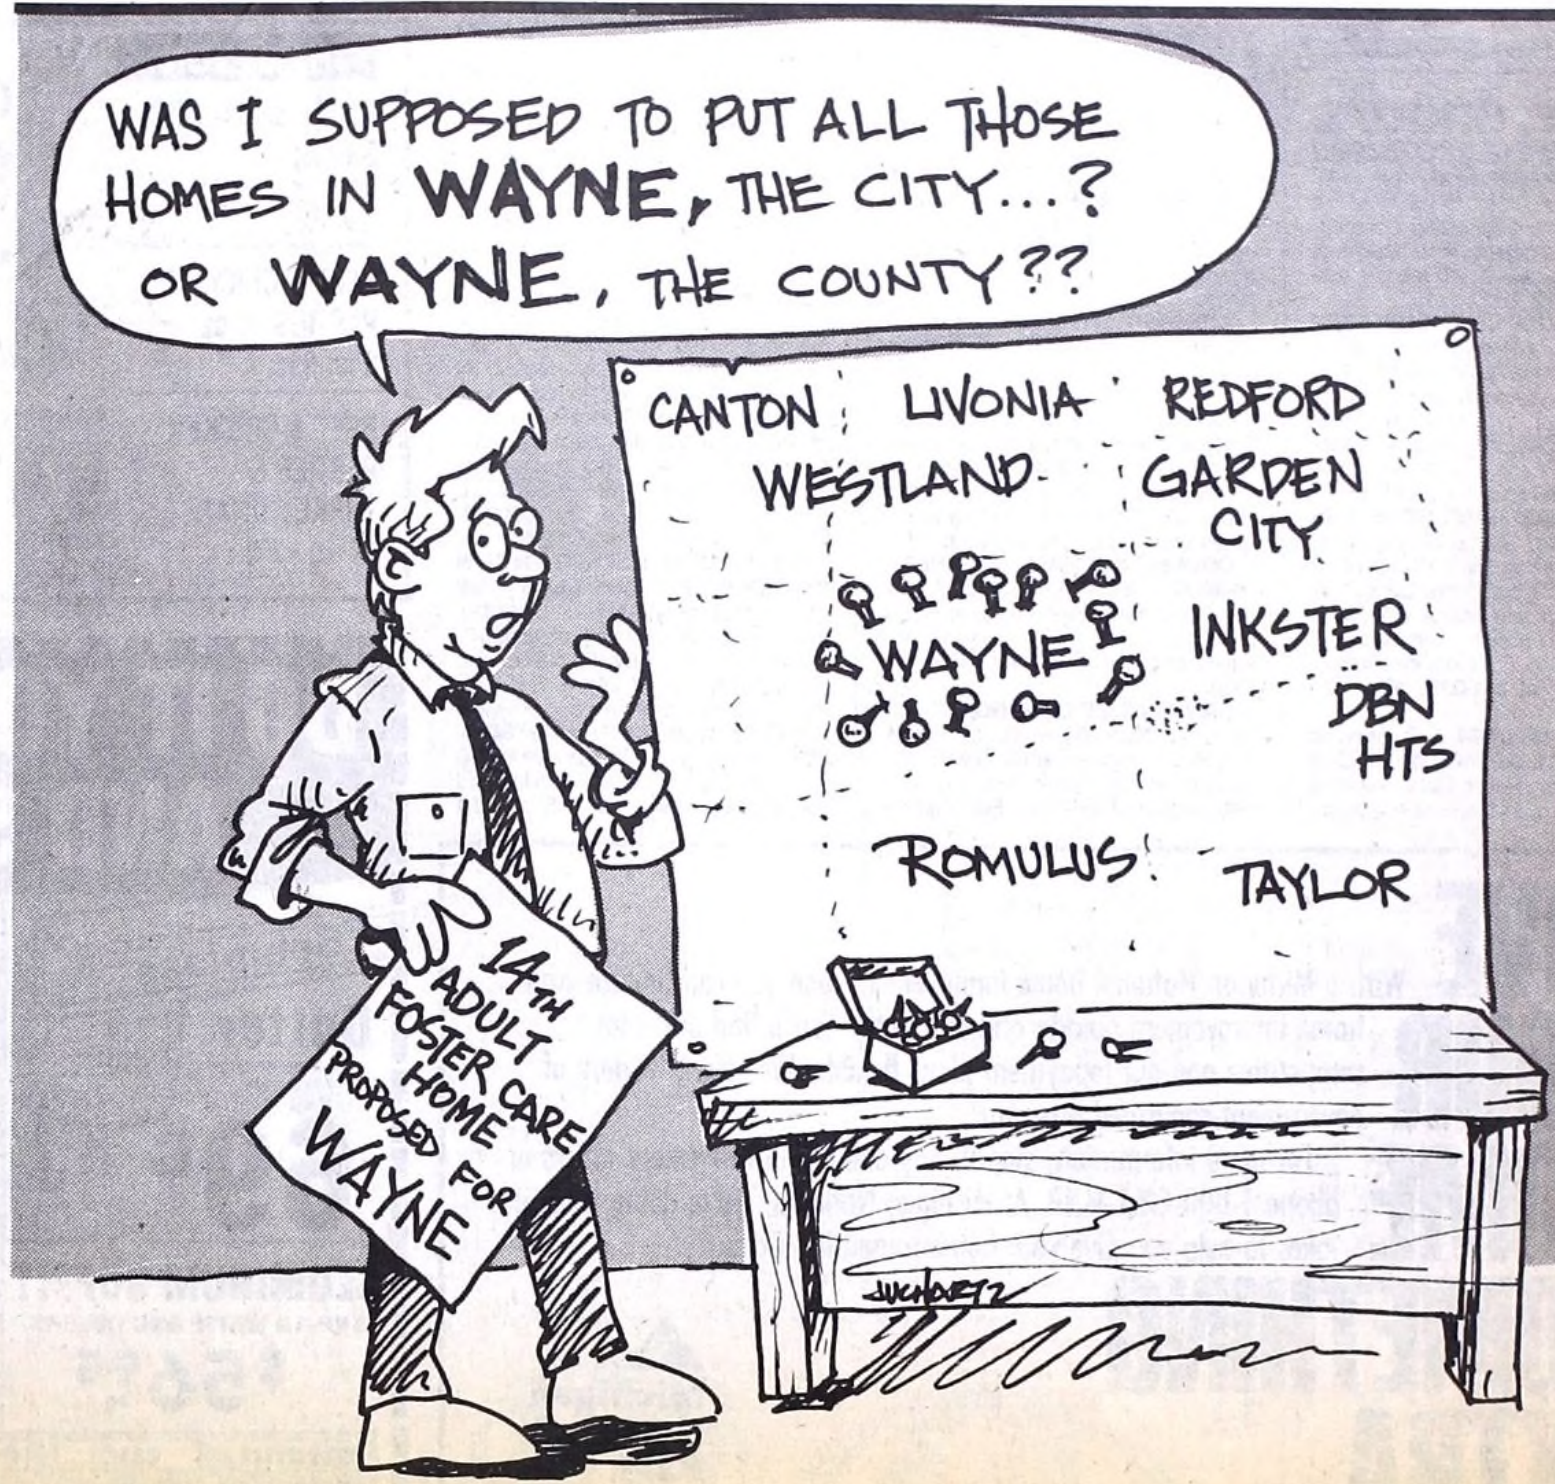

What is it they phone about? The damaging, moving, destruction and/or theft of campaign signs.

We offer them our condolences and a bit of our experienced advice. But this truly is a part of the political process. Signs get stolen, damaged and destroyed. We realize they are expensive and that volunteers took time to place them in strategic locations to catch the attention of prospective voters. And we know that only the dastardly conduct of unscrupulous opponents can possibly account for the loss of these important campaign tools.

Emotions run very high during local elections. Candidates and their supporters are immersed in their efforts to win the favor of voters. Logic is sometimes suspended during adrenaline fueled weeks of campaigning.

As any seasoned veteran of the political arena will advise, "It goes with the territory."

And as one of our favorite politicians, Harry Truman, once said, "If you can't stand the heat, get out of the kitchen."

### New school board members criticize

To the editor:

As I continue to read all the articles in the local papers about the Wayne-Westland school district and school board, I reflect back to the June election when the majority of people voted yes for the millage and also voted three new school board members in.

Well, what do you think of the three new board members now? Anyone could have predicted what these three new people were going to do. All they are going to do is keep things divided and in a turmoil for the next two to four years, continue to find everything negative in each issue brought up and at least two of the new board members will continue to be puppets of Mr. Moranty from the Wayne-Westland Citizens for Education Committee.

I was very concerned after reading the article about the disagreement on administrative positions. I had no idea that the board was involved in approving the hiring of administrators. Welty has already shown how "wishy-washy" her

### LETTERS

decision making is by stating, "I'm having a problem, what does the word approval mean?"

What a cop out. Mr. Warmbier continues to abstain from every vote which shows that he can't make a stand on anything but maybe this is in the board's favor.

Now you can also see in the recent conflict the board has over the Dyer Center that Welty said one thing in her election campaign and now proposed to act differently now that she is in office. Laurel Raisanen's statements make me laugh also. This is really Mr. Moranty talking when she states that the superintendent "violated an attorney general ruling." Does she really know what an attorney general ruling is?

The group who is trying to recall three school board members, the district's audit firm and the two top administrators is also a part of Mr. Moranty's group. Mr. Lind is referred to as the organizer but we all know who pulls the strings. It's ironic that this group states that the school district has mismanaged money (even though the books have been made pub-

lic, audited by the state and also by a citizen's committee and no mismanagement of money was found) but they want to spend \$12,000 of taxpayers money on a special recall election. Until the state takes more responsibility and solves the problem of equitable school funding, these problems will continue to plague districts like ours. I applaud the election commission's decision on not approving the recall ballot language and also the Eagle's statements on these issues.

Marsha Sienko  
Wayne

change it.

People change jobs in the auto industry but aren't given a leave of absence. If a teacher or administrator wants to leave for more money, good luck. But no leave of absence should be granted so they can come back and bump a recent appointee or a new hire if they change their mind.

Let's start telling the whole story.

W.T. Sexton

### LeCesne gets praise

The article I read under the headline *The Other Side of the Meridian* was a very truthful and well-written article by Dr. Terrel LeCesne.

I agree that one who doesn't have to pay taxes shouldn't be allowed to raise taxes period.

Please don't publish my name since I'm not a resident of Inkster.

Name withheld upon request

Letters should be addressed to: Editor Associated Newspapers P.O. Box 578 Wayne Mi. 48184

### School tactics are criticized

To the editor:

I am thoroughly disgusted. I keep reading about losing teachers and administrators from the Wayne-Westland school district to other districts because they pay more. The assistant principal at Marshall Junior High School was the latest.

Maybe I'm wrong, but aren't these people being given a leave of absence to do this? If this bothers the board, don't do it. If this is part of the contract,

The six Associated Newspapers are published Thursday and Sunday at 35540 Michigan Ave., Wayne, Mich. 48184.

Central office hours are 8:30 a.m. to 5 p.m. Monday through Friday. Phone 729-4000 for general business; 729-3300 for classified advertising; 697-9191 for Belleville branch office. No part of this publication may be reproduced in any form or by any means without the prior, written permission of the publisher or his authorized representative, excepting brief quotes attributed to this source.

## Viewpoints: Do you think Vinnie Johnson should have been traded?

**Earnell Haikes**  
Romulus

No. I don't like it. It may be good for business but it doesn't show any loyalty to the players. It's like they're used and then thrown out.

**Dennelle Gora**  
Canton Township

I really think they shouldn't have traded him. It's good to keep the home players on the home team.

**David G. Elwart**  
Belleville

I don't know the other guy. I don't know anything about it. I like Vinnie Johnson but they are gaining five years on the age of the other guy.

**Darlene Cordes**  
Westland

I don't know. I don't follow sports. I don't really care.

**Connie Prpich**  
Wayne

I don't think they should have traded him. He was a 12-year veteran. He was like a part of the family.

**Mario Newell**  
Inkster

I think they shouldn't have traded him. He was a good guard coming off the bench.

COMMUNITY CALENDAR

**SEND INFORMATION** — Items for the "Community Calendar" should be submitted in writing no later than noon Thursday to Community Calendar, Associated Newspapers, P.O. Box 578, Wayne, Mich. 48184. Each calendar event should be listed on a separate piece of paper. For more information, phone our newsroom at 729-4000.

1991 NBD HOUSING CONFERENCE

A Home Is The American Dream.

Finding Affordable Housing Is A Nightmare.

To help solve this problem, NBD Bank is sponsoring the 1991 Housing Conference on Saturday, September 28, at the University of Detroit Mercy Conference Center. Conference workshops are designed to help Metro Detroit:

INDIVIDUALS

- determine how much they can afford
- learn how to buy a home and sources of financing

COMMUNITY GROUPS

- acquire and rehabilitate property
- obtain financing for development projects

CHURCH LEADERS

- start their own housing development projects
- build and stabilize neighborhoods

REALTORS AND DEVELOPERS

- transform housing development into profits
- obtain innovative financing

Workshops will be led by community leaders, developers, legal experts, representatives from Detroit, HUD, and local universities, and NBD officers. The cost is \$15 for the first person from an organization, and \$10 for others from the same organization, or for individuals. Scholarships are available. To register before September 20, call 225-3492.

A home is the American Dream. Let's turn those dreams into realities.

The right bank can make a difference.

# PEOPLE

## NEW ARRIVALS

### Heather LaVeque

Randy and Cheryl LaVeque of Wayne are pleased to announce the arrival of their 5-pound, 12-ounce baby girl.

Heather Lynn LaVeque was born Aug. 8, 1991. She weighed in at 5 pounds, 12 ounces.

Jessica Ann and Randy Dale LaVeque are siblings of the infant.

Grandparents are Tony and Marilyn Kleitch of Plymouth.

### Jacob Taylor Books

Michael and Theresa (Ssuma) Books of Ypsilanti are proud to announce the arrival of their son Jacob Taylor Books.

Born Aug. 12, 1991, the infant weighed in at 8 pounds 10 and one-half ounces.

Grandparents of the newborn are Mr. and Mrs. Thomas Books and Mr. and Mrs. Alphonse Ssuma of Belleville.

### Stephanie Brown

Gary and Karen Brown are proud to announce the arrival of their 7-pound, 2-ounce baby girl.

Stephanie Morgan Brown was born Aug. 19, 1991. She is sister to Gary Jr. and Janelle.

Grandparents of the baby are Gerald and Joan Brown of Canton Township and Guy and Virginia Nightingale of Clearwater, Fla.

### Daniel Austin Smith

Randy and Cindy Smith of Garden City are proud to announce the arrival of their third son, Daniel Austin Smith.

Born Aug. 13, 1991, the infant weighed in at 7 pounds, 11 ounces and was 20 inches in length.

Daniel's brothers are Randy II and Andrew.

Grandparents of the newborn are Pat and Fred Smith of Wayne and Wilbert and Frances Hamblen of Wayne.

### Devin Wallace

Jackie Wallace of Romulus is pleased to announce the arrival of her first son, Devin Michael Wallace.

Born Aug. 25, 1991, the newborn weighed in at 6 pounds, 11 ounces.

Grandparents are Pauline Wallace and Jack Wallace, both of Allen Park.

### Kaleif Quinn Brown

Henry and Adrian Brown of Inkster are proud to announce the arrival of their fourth child, Kaleif Quinn Brown.

Born Aug. 21, 1991, the baby weighed in at 7 pounds, 9 ounces and is brother to Marcale, Pierre and Xavier.

Grandparents of the infant are Quintard Brown of Detroit and Ceila Robinson of Inkster.

### Michael Scott Marecle

Scott and Deadar Marcelle are pleased to announce the arrival of their son Michael Scott Marecle.

The baby weighed in at 6 pounds, 14 and one-half ounces and was born on the first day

of September, 1991.

Grandparents of the newborn are Shirley Waterbury of Ypsilanti, Roy and Linda Dunlap of Ypsilanti and Bill Marcelle of Belleville.

This is the first child for the couple.

## ENGAGEMENTS

### Elsner-Parraghi

Julie Elsner will become the bride of Clay Alan Parraghi during an April 14, 1992 ceremony at First United Methodist Church in Belleville.

The bride-elect is the daughter of Arthur and Diane Elsner of Judd Road in Belleville. She is a 1986 graduate of Belleville High School and is presently employed with Mesaba Aviation, Inc.-Northwest Airlink.

The future groom is the son of Elmer and Jeanette Parraghi of Savage Road in Belleville. He is a 1977 graduate of Huron High School in New Boston and is presently employed with

Elsner - Parraghi

Northwest Airlines at Metropolitan Airport in Romulus.

### Clayton-Squier

Debra K. Clayton and Jeffrey A. Squier are engaged to be married.

The bride-elect is the daughter of Thomas and Sharon Clayton of Belleville. She is presently employed at

the Surgical Association of Ann Arbor.

The future groom's parents are Allen Squier of Prudenville and Betty Jeffres of Garden City. He is employed with Rite Transportation Systems in Grand Rapids.

The couple will be married Sept. 21.

## Great opener

### Wayne comes up with winning touch again against Adrian, 20-19

By TOM MOORADIAN  
ANP Staff Writer

There's the cliché about the more things change, the more they stay the same. That old saying apparently is true when Wayne and Adrian meet on the gridiron. A year ago, Wayne walked off the home field with a one-point (21-20) victory over Adrian. And, Friday night, in Adrian, Coach Chuck Howton and his Zebras did it again — they again won by the narrowest of mar-

gins, 20-19. "It was a great game and an exciting one," said Howton, who began his eighth season as head coach. "For one second there, it looked like they had us."

With the opener out of the way, Wayne now turns its guns at Trenton and its Wolverine 'A' Conference opener. The two teams will bring up the curtains on their conference season Friday night at Trenton.

"They're tough," Howton says of their opponent. "We got a lot

of work to do to get ready for them."

Wayne had little trouble establishing their game plan in the first quarter as quarterback Jason Wetmore strung together a 70-yard sustained drive that was capped by Germaine Ellis' 4-yard touchdown run. Wetmore booted the extra point to lift the visitors into a quick 7-0 lead.

However, Adrian didn't lie down and die. The hosts came right back and early in the second quarter, Adrian quarterback Mark

Arbault providing the heroics, got on the scoreboard on a 20-yard pass to Ray Vargas. Adrian's attempt for the conversion failed and, with 9:11 showing on the clock, Wayne had a slim 7-6 edge.

The Zebras got some cushion when Wetmore marched his team 60 yards and polished off the drive with a direct hit to Lee Williams for a 22-yarder that lifted them to a 13-6 advantage.

That Wayne edge was also short-lived, though, as Adrian came out after the intermission and scored on Vargas' two-

yard run.

With the score tied at 13-all, Wayne countered with another one of its long drives as Wetmore engineered a 63-yard drive that put the Zebras at the three where John Ballard was called upon to go the remaining distance. He did.

The Wayne defense managed to stop Adrian until the final 50 seconds when Arbault came back and scored what proved to be the hosts' final TD. They missed winning the game when the Wayne defense stopped the

conversion attempt.

Wetmore finished the evening with seven of 16 pass completions and 102 yards and one TD. Adrian also intercepted him once. Rick Barnes had two receptions for 52 yards and Williams also had a pair of catches for 33 yards.

Wayne received outstanding efforts on defense from Tom Mate, Ballard, Mike Martin and Carrico, while linebackers Bodden and Dziedzic also turned in an excellent first-night performance.

Sophomore Robichaud quarterback Tom Massey (photo, at left) breaks through the Thurston line and heads for the Eagles' goal line. Massey scores his first TD as the Bulldogs' signal-caller on an option play, and led his teammates to a 32-2 non-conference victory. The Class B state champs have another out-of-league test Friday when they travel to Warren where Coach Bob Yauck feels the competition will be tough. Warren knocked off Oak Park for their opener, and the Parkers ate the SAC coaches favorite to snatch the SAC title away from Robichaud this year. ANP photos by Deanne L. DeYonker/staff photographer

## Without Wheatley

### Robichaud plays like state champs

By TOM MOORADIAN  
ANP Staff Writer

It took a couple of quarters, but Robichaud proved it can play without its superstar Tyrone Wheatley.

Without Wheatley in the lineup for the first time in four years, the Bulldogs buried Redford Thurston Friday afternoon before the home crowd, 32-2.

"I was pleased with the overall performance of the team, and especially the defense," said Robichaud coach Bob Yauck. "Our defense took them out of their game plan. If we can continue to improve on defense, I feel we are going to have a decent team."

Robichaud, the defending Class B state champ, will travel to Warren Friday night for their second encounter. The Bulldogs will meet a team that is favored to win their league and is coming off of a 24-8 victory over Oak Park.

Incidentally, Oak Park is seen as the heir-apparent to Robichaud's Suburban Athletic Conference throne.

The champs looked as if they needed Wheatley — anyone — to generate some offense in the first quarter. Thurston managed to shut down their hosts and forced them into a scoreless tie. However, in the second quarter, Derrick Rendles scored on a 4-yard run, set up by Gary Phillips' blocked punt that he returned to the Thurston 21.

And the defending Class B state champs were on their way.

Robichaud made it a 20-2 ball game after three quarters thanks to quarterback Tom

Massey's TD. Again, the Bulldogs got on the scoreboard thanks to a blocked punt that included the 1-2 combo of Ivory Burks, who muscled his way through the line and got to the ball, and Rendles, who scooped up the ball and took it to the 10.

Before the third quarter ended, Robichaud's Kevin Bradley scored from the 6-yard line as Phillips registered his second blocked punt of the afternoon.

Thurston avoided the shutout when the Eagles pounced on a ball that sailed over Massey's head and into the end zone late in the period.

The Bulldogs finished off their visitors with a pair of TDs in the final quarter. Steve Gill went in from five-yards out and Massey and Jamal Bohannon combined on a 29-yard scoring pass play that featured the Robichaud tight end breaking a couple of tackles to reach the goal line.

Massey, a 5-9, 155-pound soph, looked good in his inaugural start at QB. He hit on three of five passes for 49 yards and one TD. He also rushed for 58-yards on nine carries.

"Massey displayed a lot of poise and confidence running the option and the offense," Yauck said.

Rendles also got off to a fast start as he picked up 89 yards on nine rushes.

Gary Phillips led the Robichaud defense. He carded four sacks of the quarterback and had a total of nine tackles. Teammate Burks, a middle linebacker, finished with six solos and Bohannon chipped in with five unassisted tackles and "put a lot of pressure on the Thurston QB", according to Yauck.

## Are Eagles for real?

### Romulus hangs on for 2nd win

What a difference a year makes in the life of Coach Dan Henry and the Romulus High football team.

A year ago, the Eagles were mired in the depths of a winless cesspool, struggling with an 0-9 image.

Friday night, the Eagles soared to a 13-8 victory over Taylor Truman and will take a modest 2-0 victory string up against Garden City. Garden City, coached by former John Glenn grid star Robert Eisiminger, dropped their opener, 28-12 to Dearborn Heights Crestwood.

Are the Eagles for real? A third-straight victory could shatter any doubts.

"We beat a good team," commented an elated Henry, after Romulus second victory in as many starts. "We're excited about this season."

However, Henry was quick to note that he wasn't pleased with the way the Romulus defense played on first-downs against Truman.

"Last week our secondary failed to do the job, so we made some adjustments. Against Taylor, the secondary got the job done, but our front line didn't look good on first-down runs."

Romulus pulled the victory out late in the game when junior quarterback Bob Bergeron capped a 40-yard drive with a one-yard sneak that erased an 8-7 deficit. The Eagles tried a fake kick for the two-point conversion which failed.

After the ensuing kickoff, Truman came back and came within a deep breath of winning it. A pass that had TD written on it sailed through the hands of a would-be Truman receiver, some would say tipped by a Romulus defender into obscurity.

Taylor took the lead, 8-7, in the third quarter when Brian Butcher scored for the hosts.

Romulus had the lead after Bergeron teamed up with Robb Thompson in the second quarter on a 2-yard TD pass. That capped a six-play, 60-yard drive early in the frame.

John Devereaux booted the point-after.

Bergeron continued to look good at the throttle of the Romulus offense. The young QB connected on six of 12 passes for 47 yards. Brian Helka picked up 45 yards for his 12 attempts.

"They (Truman) were ranked third among the downriver teams," Henry noted, "and we were 10th. Obviously we're happy with the results."

Henry said that Garden City is reportedly calling 1991 "a rebuilding year."

"I'm not going to listen to what anyone is saying," he added. "I know they can be tough. It's going to be a bunch of juniors vs. a bunch of juniors."

Romulus is at home Friday night. And home for the Eagles is the Romulus Junior High football field on Wick Road.

## A big first for Inkster:

### An opening day victory

There aren't many Inkster High football fans around who can tell you when the Vikings had a winning season.

After all their team has won only three games in the past two years. And they hadn't won an opener for over a decade.

That is, until Friday afternoon.

A spirited Inkster stunned visiting Saginaw Buena Vista 15-6 in the 1991 season opener for both teams, and third-year Inkster Coach Ron Gardner believes that the Vikings could dish up more of the same to their rivals in the Suburban Athletic Conference.

"I know one victory doesn't make a season," said Gardner, "however, we had 55 kids out for the team — more than twice the number that we have had over the past two years. These kids are out to prove themselves and am I happy — yes, I'm happy."

Against Buena Vista, Inkster scored on its opening series as quarterback Craig Lewis engineered a 12-play, 67-yard drive that culminated with full-

Ron Gardner back Terrance Carter's 4-yard touchdown.

The Vikings made it 7-0 thanks to Barry Alexander's kick.

However, Buena Vista came right back and scored what proved to be its only TD of the game. The six-pointer was the result of an 8-yard run, set up

by a 55-yard sprint.

The two defenses went to work and the score remained unchanged until late in the fourth quarter when Albert White blocked a Saginaw punt and scooped up the loose ball and raced 45-yard into the end zone. Carter then added the two-point conversion.

"It was an excellent victory for us," said Gardner, whose Vikings will open the SAC campaign at River Rouge Friday. Rouge is considered a challenge to defending champ, Robichaud.

"If we can get past them, I think a lot of teams will sit up and take notice," Gardner said.

Carter led the Viking ball carriers with 80-yards on 13 rushes and linebacker Londri Gilkey, along with defensive end Barry Alexander, stood out on defense. Freshman Jonathan Boatwright, a 5-5, 190-pound nose guard, and tackle Al White, a 6-4, 230-pound two-way performer, also earned praise from the Viking coach.

## Belleville, Bradford jolt Taylor

After an impressive 31-12 victory Friday night over non-conference rival Taylor Center, Belleville will set its sights on Wyandotte, the defending Wolverine 'A' Conference football champ.

The two conference rivals will meet Friday night in Wyandotte.

Third-year Belleville coach Sam Villa said that despite the rumors about the demise of Wyandotte, "don't believe it."

"Sure they lost a lot," Villa said, "but they also have a lot."

Villa said that Wyandotte has an outstanding defense and a fullback (Keith Lukasik), who the Tigers will have to stop in order to stay in the game.

"This should prove to be a good test for us," Villa said. "We will know a lot more about ourselves after this game."

Belleville saw Lee Bradford launch his senior year with a superlative effort as he rushed for 105 yards and three touchdowns against the Rams.

The Tigers exchanged TDs with Taylor in the first quarter, which ended in a 6-all tie. Tiger QB Mike Komaromi marched his team 55 yards with Bradford going in from the seven for the first score. Curtis missed the point-after, but Belleville had a short-lived 6-0 lead.

A 30-yard pass completion set up the Taylor first-quarter score, a quarterback sneak. Belleville cut the tie for good in the second quarter when fullback Steve Wygonik scored from the 10 after a sustained drive.

The Tigers erupted for two TDs in the third period thanks to Bradford, who plowed over from the 2 and the 5-yard lines.

The Belleville 24-6 advantage went unchallenged. The Tigers increased their lead with sophomore Ralph Truitt's four-yard TD run. He pulled that off on a perfectly executed option.

Daryl Montie contributed 62 yards on nine carries and Wygonik added 31 yards on seven attempts for the winners. Montie, a linebacker, and Michael Rochon, a tackle, also stood out on defense.

## Star kickers

Outstanding Belleville soccer players Ryan Szyndlar (at left) and Michael Ciske helped the Canton Express soccer team win the Challenge Cup during recent competitions. The team, coached by George Demergis, has emerged as one of the better clubs in the area. The Express also participated in the Maumee International Festival where they finished with the championship trophy after winning three games, tying one and stopping the Sylvania Pacesetters 2-1 in overtime. Szyndlar and Ciske show off the individual plaques that they were awarded after their victory. ANP special photo

## Zebras split in swim opener

The Wayne Lady Zebras swimming team launched the 1991 campaign last week with a double dual meet that involved Monroe, the defending Wolverine 'A' Conference champ, and Monroe Jefferson.

Coach Randy Ferguson's tankers were forced to settle for a split. Wayne fell 71-21 to the champs, however, managed to eke out a 48-42 victory over Jefferson.

"For a first meet, the girls swam well," Ferguson said. We really needed this meet because most of our swimmers have been working for 3 1/2 weeks and they needed a break from practice."

Against Jefferson, Wayne emerged with a double winner in senior Dana Walls who captured firsts in the 200-yard freestyle and the 500-yard freestyle events.

Other first places were awarded to sophomore Jodie Garlough, in the 200-yard individual medley; junior Misty Maniea, in diving; senior Tania Dobrowolski, in the 100-yard freestyle; and sophomore

Tiffany Morningstar, who won the 100-yard breaststroke event.

Wayne also had the best freestyle relays with Morningstar, Garlough, Dobrowolski and Walls in the 200-yards, and Dobrowolski, Garlough, Walls and Melissa Krekla in the 400.

Senior Sue Cullen turned in her best time for the 500-yard freestyle, even after swimming the 100-yard butterfly event.

"I hope the kids keep working hard," Ferguson added. "We're going to have some real close meets this year with a lot of the teams."

Monroe continued to show that they are the class of the Wolverine Conference again this year. The Trojans swept first and second places in seven of the 12 events against Wayne.

"They have some good young swimmers and should push Trenton for the league championship this year," Ferguson added.

Wayne will meet Trenton at 7 p.m. today at the Zebra pool.

## Ex-Wayne grid star starts for Broncos

Piere Hixon, former All-Area grid star from Wayne Memorial, had eight tackles and a pass deflection for Western Michigan University in a 13-10 opening season game victory over Kent in Kalamazoo.

The sophomore cornerback made his first start as a Bron-

co, and one of his tackles went for minus yardage.

The Western defense held Kent to 196 total yards.

In 1990, Hixon was one of four "true freshmen" on the team to letter. Hixon's family resides in Inkster.

# Off and running Belleville harriers have a tough act to follow

By TOM MOORADIAN  
ANP Staff Writer

Belleville runners will have a tough act to follow after the 1990 edition posted an untarnished 12-0 dual meet record in cross country.

Coach Sam Vicchy's club got a taste of its first competition of the 1991 campaign, finishing in the middle of the pack at the West Bloomfield Invitational on Saturday.

The Tigers, with 298 points, finished 10th in a field of 21 teams from across the state.

Brighton surfaced as a state power, coming off the 5-kilometer field with 54 points and the first-place trophy. Ann

Arbor Pioneer was second (61) and the next seven teams included, Traverse City (126), Chippewa Hills (129), Plymouth Salem (157), and Belleville.

It was Belleville's first appearance at a West Bloomfield invitational, and Vicchy said "It was like a state meet. There were some very good teams there."

Belleville received an exceptional effort from Anne Gray, who finished in 10th place (20:28) and picked up a medal for her performance.

Other Belleville runners whose times counted in the scoring included: Carmelita Martell, 33rd (21:59), Rachel Hunter, 74th (23:30), Taria

Jared, 87th (24:32), and Cristee Maciejewski, 94th (24:25).

Belleville will join a host of other local and area teams to compete on Saturday at the New Boston Huron Invitational. The running begins at 10 a.m. in Willow Metro Park.

In the meantime, the Belleville boys team finished 11th at West Bloomfield, and Tiger coach Dave Medley said the meet indicated "that we have a lot of catching up to do."

"There is a gap that we have to close if we are to earn any respect in the league this year," he added.

Belleville's two front-runners, Jason Kidwell and Troy Adams, came home with

medals. Kidwell's 17:41 run gave him a 20th-place finish, while Adams was clocked in 17:52. That earned for him a 25th-place finish.

Other Tiger runners included: Chris Turner (74th), Dan Durham (75) and Gary Knowlton (78).

Redford Catholic Central won the men's division. CC had a total of 91 points, beating Monroe by nine points. Monroe, the undefeated Wolverine 'A' Conference champ, is "loaded again", according to Medley.

"They (Monroe) are definitely the team to beat in our league," Medley said.

# Better ideas

## Ford redesigns compact trucks for '92

Full-sized Ford pickup trucks, passenger wagons and vans—stalwarts in the number one light truck lineup in North America—feature major changes for 1992.

"Exterior styling changes give the full-sized F-Series pickup, Bronco utility vehicle and Econoline Van and Club Wagon a more aerodynamic, more contemporary look, and the interiors are much more refined and car-like—direct responses to a huge number of personal use truck buyers who want their workhorses to look, handle and ride like thoroughbreds," said Ross H. Roberts, Ford vice president and Ford Division general manager.

"With a new-look flagship—the F series pickup—the first major changes to the Econoline Van and the Club Wagon in 17 years and a host of performance, comfort and convenience improvements to the other Ford light trucks, 1992 is a milestone year—a year in which the product changes were made specifically to enhance an already strong overall leadership position."

The Ford F-Series pickup truck, the best-selling vehicle in North America—car or truck domestic or foreign—for the past nine years, gets a significantly more contemporary look—inside and out—and later this year brings back the Flareside for 1992.

The new F-Series front end

incorporates aerodynamic elements such as a slightly sloped hood that sweeps around to flush headlamps. The new bumper follows the contour of the hood and the grille integrates the whole front end with a modern, "aero-tough" look. Aero mirrors—manual and optional electrically operated—refined, color-keyed bodyside moldings on XLT Lariat models and a smooth tailgate extend the changes to the rest of the truck. New optional styled wheels in argent or chrome also add excitement to the appearance.

The new car-like interior of the 1992 F-Series pickups is more functional and more ergonomic than in the past. The refined-look instrument panel has stalk controls and other controls are within easy reach of the driver. There is a storage shelf on top of the panel, an especially large glove box, and a standard auxiliary plug-in power point for running accessories.

Also featured are comfortable seats with headrests, door panels contoured to complement the interior design with functional map pockets and ergonomic placement of electric window, lock and mirror controls for models with the "high series" interior trim. SuperCab models have a large optional console with cup holders and rear bench seat three-point seat belts.

Returning to the F-Series lineup for 1992 is the exciting Flareside model, featuring a new fiberglass and steel pickup box, two unique exterior body colors and all of the other F-Series refinements.

F-Series pickups continue to offer engine choices ranging from the standard in-line electronic fuel injected (EFI) six-cylinder to the husky 7.5-liter gasoline and 7.3-liter diesel engines.

Bronco, the dominant vehicle in the full-sized utility vehicle segment of the light truck market since 1978, features a new, more aerodynamic front end, a redesigned rear bumper and a high-mount stop light for 1992. On the inside, Bronco has a new instrument panel, new seats with headrests, new door trim panels, cup holders, console and rear seat lap and shoulder belts in the outboard position.

Bronco for 1992 continues to offer high levels of standard equipment that include rear anti-lock brakes, which have been standard on all Ford light trucks since the 1990 model year.

The all-new 1992 Econoline Van and Club Wagon are state-of-the-art—the most advanced vehicles in their respective segments of the light truck market. The look is new—more aerodynamic—more contemporary.

Aerostar for '92 has front-end changes that enhance its aerodynamic looks, a more refined instrument panel, a driver's side airbag on selected models and outboard shoulder belts for rear passengers.
